About us

Established in 1989 Nature's Gallery Florist is well known for its elegance, quality and top service. European design became our signature work in 1994 with the arrival of the new head designer, who took over our party work the following year and still manage the event planning department to these days. Ikebana design is also adopted in many of our daily creations to bring our clientele the level of sophistication and exclusivity they look for.

Our selection of Holland and Exotic flowers includes the most beautiful blossoms from around the world. Delivered to us daily to insure top quality and freshest product, the most exclusive and unique blooms are assembled by the expert hands of our designers into sophisticated arrangements with European Flair tailored to the most demanding taste for your daily and special occasions.

Planning party work our team provides personal attention to every detail to transform your vision into seamless reality. This is our business and our pride: to reach and exceed your expectations making your dreams come true.
